EMPLOYMENT HISTORY

Data Analyst, Central Operations ([Internship](#)) (July 2023 – August 2023)

Prudential Regulation Authority, Bank of England, 20 Moorgate, London, EC2 6DA
Threadneedle Street, London, England, United Kingdom, EC2R 8AH

I helped develop a solution that allowed for visual representation of unstructured and unconventional datasets using Python and my skills in data analytics. I presented this solution findings to senior management, discussing deployment and use cases for my work. In addition to this, using my skills regarding video editing, I was responsible for the creation of videos to assist the Bank with onboarding employees with newly deployed software platforms.

Key responsibilities:

- Develop prototypes for the Bank's data analytics initiative.
- Schedule meetings and present prototypes and findings.
- Further, adapt and apply my knowledge of data analytics and programming.
- Ensure confidentiality and follow security policy.

Swimming teacher (April 2018 – September 2023)

Sherborne Sports Centre, Abbey Road, Sherborne, Dorset, DT9 3AP

For my role as a swimming teacher, I was responsible for instructing groups of young people with the proper techniques and safety protocols for swimming. I created lesson plans in advance, provided feedback on technique, monitored progress towards goals and created a fun and productive work environment for children.

Key responsibilities:

- Plan lessons in advance.
- Ensure the safety and wellbeing of young people.
- Monitor and report potential safeguarding violations.
- Act as a role model for young people.

INTERESTS

- **Swimming** – I have a history of competitive swimming, and I am currently working towards the STA Advanced Swimmer Gold and the STA Level 8 Platinum Award, the pinnacle awards of the ILSP scheme.
- **Walking** – I enjoy group walking and leading walking expeditions, which is why I am currently working my Level 3 Qualification in Lowland Expedition Leadership, allowing for myself to conduct and lead expeditions with multiple members.
- **Programming** – I challenge myself frequently with computing logic problems and have greatly furthered my skills in the Python, C# and C languages via self-teaching. Evidence of these projects can be found at my personal [GitHub profile](#).
